Langtang Valley Trek

Langtang is the name of a beautiful valley that lies north of Kathmandu, straddling the Tibetan border. Despite its proximity to the capital, it sees nowhere near as many visitors as the Everest and Annapurna areas, yet surrounded by several 7000m peaks, it is considered as spectacular. Langtang has long been a favourite with first time trekkers, and with good reason. It combines moderate and well-paced walking trails with outstanding natural beauty and the opportunity to visit schools rebuilt by Community Action Nepal, where you will be guaranteed a warm welcome.

On this trek we start in the lower Langtang Valley, trekking through its forests and among the villages and farmlands of its people, many of whom are of Tibetan origin. Once an important trading route with Tibet, this influence is reflected in the character of the villages and peoples. Emerging above the tree line into a wide glaciated valley, we have a couple of days set aside for exploring its icy upper reaches, a jumble of peaks, glaciers and moraines. During part of the trek, you will be walking through national park and though wildlife is never easy to spot in a forest setting, there are chances of seeing some interesting animals and birds. Among those found in the national park are monkeys, Musk deer, Pika and the national bird of Nepal, the colourful Danphe.

The trek is graded gentle and though we have a couple of long days of trekking, many of the shorter days allow you time to explore and take in the magnificent surroundings at a more leisurely pace.

Itinerary

LODGE TREK

walking times are approximate

Day 1

Arrive Kathmandu

Namaste! And welcome to Kathmandu, the colourful capital of Nepal where ornately carved balconies mingle with beautiful shrines and temples. Your adventure begins with a welcome meeting on arrival at the exit gate of Kathmandu airport. Our staff will welcome you with CAT's palm plate and take you to your hotel. For the rest of the day you can relax at the hotel or take a short evening walk around local markets on your own.

Day 2

Free Day in Kathmandu

Explore the fascinating city of Kathmandu, with its temples and markets, or take an optional excursion (can be booked locally through our Nepal office) into the Kathmandu Valley.

Day 3

Drive to Sybrubensi 1440m via Dhunche (5-6 hour drive).

After breakfast we'll drive to Sybrubensi, a village with huge stone houses, passing by Trishuli Bazaar and Dhunche. Along with the green hills, villages, and rivers, we will be looking at snowcapped peaks. Driving on a bumpy and winding road, we reach Sybrubensi where we stay overnight.

Day 4

Sybrubensi to Lama Hotel 2480m (4-5 hours walking).

An easier day where we follow the river gently upstream to the settlement of Lama Hotel.

Day 5

Lama Hotel to Langtang Village 3480m (5 hours walking).

We follow the Langtang river upstream through a beautiful area of forest, which in the early morning will be alive with bird song. The trunks and branches are festooned with moss and lichen and a variety of unusual wildflowers carpet the forest floor. Every so often, it thins out and we start to get views of the snow-clad peaks in the distance. Once past the checkpoint at Ghora Tabela (2950m), the path becomes gentler as it emerges above the tree line. We are now in a wide, glaciated valley and as we approach the village of Langtang, where we stay overnight, water powered mani wheels line the path. The village has its own small hydroelectric scheme and several community development projects, including the school that Community Action Nepal has rebuilt.

Day 6

Langtang - Kyangjing Gompa 3900m (4-5 hours walking).

Leaving Langtang village and the cultivated land behind, the path traverses glacial debris and dry riverbeds. By now we are amongst the high peaks and Langtang Lirung (7245m) towers above. We arrive at Kyangjing by lunchtime leaving plenty of time to explore the area surrounding the village, which is settled by people of Tibetan origin. The Tibetan border lies only a few miles to the north of here.

Day 7

Exploration Day

An early start today to climb Kyangjin Ri (4772m), it takes about one and half hours to two hours get to the top. From here you have a breath-taking 360 degree view of Langtang II/Ghonge Liru (6,596m), Langtang Lirung/Ghone (7,227m), Changu (6,251m), Kinshung (6,781m), Langtang Yansa (6,048m), Yurba (6,264m), Tserko Peak (5,749m), Yala Peak (5,500m), Langshisa Ri (6,427m), Dorje Lakpa (6,966m), Ganchenpo (6,387m), Dshabu Ri (5,202m), Urkin Kanggri (5,863m) and Naya Kang (5,844m) and the foot of the huge Langtang Lirung Glacier.

Day 8

Kyangjing – Rimche 2399m (4.5 hours walking).

Today we descend towards Rimche village. There will be fantastic views of towering mountains all day.

Day 9

Rimche – Syrubensi 1440m (4-5 hours walking).

Today we trek downhill following the so called 'high' route back to Syarubesi. This trail splits off the route we took upwards shortly after leaving the Lama Hotel. The route goes to the small village of Syarpagaon and continues onto Bhanjyanggaon and then to Khangjung before descending back to Syrubensi. This was the primary route to Langtang before the new trail was built.

Day 10

Drive to Kathmandu (7-8 hour drive).

An early morning start today for our return to Kathmandu. We will drive back to Kathmandu passing terraces, streams, rivers, local settlements and high hills along the Trishuli River. The rest of the day is free for packing, last-minute shopping or relaxing in the hotel.
